## REASONS TO BE CHEERFUL

LOVE, COMPANIONSHIP, FRIENDS, LAUGHTER, HOPE, TOGETHERNESS

The new collection from the incomparable Doug Hyde brings together the naïve charm of his distinctive, uplifting style with an unprecedented compositional sophistication. While Doug's artistic journey has taken him from monotonal figurative work to blazing technicolour narratives, these images deploy a new language both in terms of colour, and in a range of elegant formal devices which convey his artistic and personal messages.

YESTERDAY, TODAY, TOMORROW

Once again Doug has shown himself as the universal optimist with this message of hope for the future. Although the clarity of his artistic voice is due in part to his use of narrative strand, it is the perfect simplicity of the images and the subtle tonal highlighting that makes this triptych so direct in it's appeal.

## INSEPARABLE

'Inseparable' is classic Doug Hyde in that it communicates so directly with the viewer, telling us everything we need to know about the loving relationship of the protagonists. The bear is as always depicted as protective and loyal, yet it is he who is subtly presented as leaning on his small companion, cleverly expressing the mutuality of their love for one another.
